SJCC Partner English Language Schools

SAN JOSE CITY COLLEGE
Live & Learn in Silicon Valley

SJCC 100 YEAR ANNIVERSARY — EDUCATION AND OPPORTUNITY

Prospective F-1 international students must have English language proficiency to be fully admitted to San Jose City College (SJCC). Students can meet this requirement by examination or by attending a partner language school. Partner language schools are located in the U.S. and will help with securing the documents required to apply for an F-1 visa. Once a student completes the required level at one of our partner language schools, the student will be eligible to attend SJCC and start studying for a certificate or associate degree program!
